ABOUT ME

- Computer Science student at Zagazig University (GPA 3.6) and an aspiring Backend Developer with a deep-rooted passion for software engineering and competitive programming. Proven experience in building scalable web applications and RESTful APIs using .NET technologies through intensive training at DEPI and ITI. Adept at applying advanced data structures and algorithms to solve complex problems, as demonstrated by my active role in the ICPC Zagazig community. Committed to continuous learning and staying at the forefront of modern backend architectures.

EDUCATION

Ahmed orapy Military High School Grade: 86.1% / Student	10/2022 – 07/2023 Zagazig, Sharqia
Zagazig University Level 2 / GPA 3.6 / Faculty of Computer Science and Information	10/2024 – present Zagazig, Sharqia

PROFESSIONAL EXPERIENCE

Digital Egypt Pioneers Initiative - DEPI Full-Stack .NET Trainee • Developed backend applications using C# and ASP.NET Core • Built scalable RESTful APIs using .NET Core Web API • Designed responsive frontend components using HTML, CSS, and JavaScript • Applied MVC architecture in building modern web applications	12/2025 – Present Zagazig, Sharqia
GDG On-Campus Zagazig Back-End Core Team Member • Contributed to backend system design and implementation • Collaborated with development teams in building scalable software solutions	10/2025 – Present Zagazig, Sharqia
Zag Eng Family Back-End .NET member • Participated in backend development tasks and technical collaboration	10/2025 – Present Zagazig, Sharqia
ICPC Zagazig University Community Technical Team member • Solved competitive programming problems • Applied advanced algorithms and data structures • Strengthened analytical and optimization skills	01/2025 – present Zagazig, Sharqia
ITI - Information Technology Institute (Zagazig) Web Development using .NET trainee • Designed SQL Server databases • Implemented backend business logic using C# • Built data access layers using Entity Framework • Developed web applications using ASP.NET MVC	07/2025 – 09/2025 Zagazig, Sharqia
IEEE CS Zagazig Student Chapter Back-End member • Worked on backend development projects • Gained experience in MySQL, PHP, Laravel, Node.js, Express.js, and MongoDB	11/2024 – 09/2025 Zagazig, Sharqia

SKILLS

Programming Languages: — C#, C++, PHP, JavaScript, Python

Backend Development: — ASP.NET Core, .NET Core Web API, Laravel

Frontend Development: — HTML5, CSS3, JavaScript, Tailwind CSS

Databases & Storage: — Microsoft SQL Server, MySQL, Entity Framework

Tools & Technologies: — Git, GitHub, MVC Architecture, RESTful APIs

Core Concepts: — Problem Solving, Competitive Programming, Data Structures, Algorithms, OOP

PROJECTS

Hogwarts for programming

- Built a gamified educational platform for learning programming
- Implemented MVC architecture using Native PHP

E-Commerce-Platform

- Developed full-feature online shopping platform using Laravel
- Implemented user authentication and order management

Digital-Library-API

- Built RESTful API using Node.js, Express.js, and MongoDB
- Implemented authentication, subscriptions, and book management

Balloon-Game

- Developed 2D game using Java Swing
- Implemented OOP principles and collision detection

Contacts-Book

- FCI University level 2 first project with Data structures with C++

Quran-Kareem

- FCI University level 2 second project with Data structures with C++
